Racor SPK Portable Water Treatment System
3 GPM (11 LPM)

Racor SPK portable water treatment systems provide clean water for R.V.’s, motor coaches, boats, yachts and vacation properties. The fresh, safe alternative to costly bottled water. Fill your tanks or cistern with clean water from this Racor 3-stage treatment system--sediment filter plus carbon filter plus ultraviolet treatment.

ENGINEERING YOUR SUCCESS.
Racor SPK Portable Water Treatment System - Applications:

The Racor SPK provides boat owners with a dockside treatment for marina water supply at locations where water safety is uncertain. Simply fill your tank through the unit for 3-stage treated water in your tanks. Similarly, RV owners can use this system to fill tanks from uncertain supplies. At the cottage or vacation property, add a small pump to use the SPK for treating collected rain water or clean stream water for safe use. Note: the SPK is not a softener or a desalinizer and therefore it will not remove hardness, salt or metals.

Specifications:

- Power supply - 14 watts at
  
  P/N 90-0071 110/1/60 Power
  P/N 90-0072 230/1/50/60 Power
  P/N 90-0073 12 VDC Power

- Capacity - 3 GPM (11 LPM) flowrate provides maximum UV dosage.

- UV dosage - >30,000 microwatt.sec/cm² at 254 nanometers providing a lethal dosage to bacteria, viruses and microorganisms.

- Size 12” x 12” x 18” LWH (30 x 30 x 45 cm). 20 lbs (9 kg)
