

Village Marine Tec. • The **TRUE** R.O. Manufacturer • We Produce Over **95%** of ALL R.O. Components In-house

The No Frills Series

The No Frills Series comes equipped with all the standard "core" components, which make Village Marine Tec. watermakers the best, but without the electronic "frills". AC or Engine Driven modular configurations available in capacities from 450 gpd to 2000 gpd.

The No Frills Series is everything you need to make water at sea without all the extras. Don't let the low price fool you! These units are Village Marine quality through and through. The materials used to build these fine watermakers are the best available anywhere. Our unique titanium pump, 316 SS and Titanium fittings, lifetime guaranteed pressure vessels, exclusive 316 SS true pressure regulator and the attention to detail all add up to an amazing value for your cruising dollar.

**Designed For The
Budget Conscious Boater
"More Water For Less Money"**

VILLAGE MARINE TEC.

Fresh Water from the Sea

SPECIFICATIONS

Standard Deluxe Features

- All high pressure hoses.
- 316 Stainless Steel and Titanium high pressure fittings.
- Heavy Duty nylon low pressure fittings.
- Powder coated mounting brackets.
- 316 Stainless Steel Glycerin filled high pressure gauge.
- Precision VMT reject flowmeter.
- Stainless Steel H/P Bypass Valve.
- Maintenance free air/oil separator.
- VMT product water flowmeter in either gallons or liters per hour.
- 5 Micron cleanable prefilter and housing.
- 316 Stainless Steel Pressure Regulator ensures consistent pressure and prevents over or under pressurization of the unit.
- High Quality spiral wound TFC reverse osmosis membrane. (3 year pro-rated warranty)
- All 316 Stainless Steel mounting hardware.
- Magnetic Drive Boost Pump.
- 316 SS Glycerin Filled low-pressure gauge.
- Unique Titanium Pump Head is impervious to the corrosive seawater environment and is designed for maximum efficiency producing more water for less power and **guaranteed for life**.
- Freshwater Flush System: Extends the life of the membrane and the storage time of the system without the need to preserve the unit. Also produces battery fill water.
- **Lifetime Guaranteed pressure vessel: an exclusive Village Marine Tec. benefit.**
- Full one year limited warranty.

The No Frills Series Specifications

Model	Maximum Flow Product		Voltage 60 Hz (50 Hz Available)	HP	Power Amps 110V /220V	Water Connections**			Dry Weight lbs./kg (estimated)
	GPH*	LPH*				Feed Inlet	Reject Outlet	Product Outlet
